

Group 5

ecCharts & Meteograms

User Voice Corner

- Switzerland:

Acknowledge Speed Improvements

Mainly use for ensemble data

Use of meteograms.

Very useful for areas outside Switzerland

- Austria:

Mean sea level pressure in the plumes

Cape and CIN as meteograms

Zoom on vertical profile for the low levels

Problem with the Epsgrams retrieve through Metview/ecFlow (currently under investigation)

Tailor the parameters in your meteograms

- Bulgaria:

Acknowledge Speed Improvements

Change password difficult to change

Probabilities of Precipitation type very useful

Wind speed underestimation around Sofia in Meteograms
